

Important Information For Members & Guests

Club Toukley is closely monitoring new developments regarding COVID-19 (coronavirus). The health and safety of our members, guests and employees is of the utmost importance.

We are committed to doing everything we can to continue to make Club Toukley a safe place to visit. We are implementing several new policies and procedures which follow the recommendations for the Australian Government Health Department and the World Health Organisation.

We will be constantly reinforcing the sanitisation safety procedures with all staff on a daily basis and welcome you to use the sanitiser stations located around the Club.

In the interests of all staff and patrons we ask that if you are unwell that you stay at home.

Thank you for your co-operation to keep us all safe and we look forward to seeing you at the Club!

Trevor Haynes
General Manager
